ITASA a Mativ Brand

ENGINEERED FOR CRITICAL PERFORMANCE.

Customized release liners for high-value medical applications.

In a fast-evolving industry, Itasa delivers **customized release liner solutions** for demanding medical applications — from transdermal patches and advanced wound care to surgical products and drug delivery systems. Our **flexible liner design, coating expertise and carefully selected substrates** help ensure consistent performance throughout converting and application processes.

CONSISTENT QUALITY

Solutions created for high-speed production with stable release and lay flat properties.

CUSTOMIZED COATINGS

Release levels and silicone configurations tailored to specific needs.

SUBSTRATE VERSATILITY

Paper and film solutions selected for demanding medical processes.

ITASA CoLab©

WHERE INNOVATION MEETS COLLABORATION.

At Itasa CoLab™, **innovation begins with partnership.** We work alongside customers, suppliers, and industry experts to better understand application requirements and **develop solutions that address evolving market challenges.**

Through **advanced coating technologies,** product development expertise, and application-focused testing, CoLab **accelerates innovation from concept to commercialization.**

Advancing the Next Generation of Release Liners.

By combining technical expertise with collaborative development, Itasa CoLab™ helps customers:

- ✔ IMPROVE PRODUCT PERFORMANCE
- ✔ INCREASE OPERATIONAL EFFICIENCY
- ✔ VALIDATE NEW CONCEPTS FASTER
- ✔ ADVANCE SUSTAINABILITY GOALS
- ✔ BRING INNOVATIVE SOLUTIONS TO MARKET WITH CONFIDENCE
